NCDS Contact Dentist

EDUCATION

University of North Carolina at Chapel Hill
BA CHemistry '79; Doctor of Dental Surgery '83

COMMUNICATION

Throughout my career in organized dentistry I have been known as a voice of reason and integrity. I have often been able to find compromise whenever there has been controversy. I dearly love the profession of dentistry and want to do everything possible to maintain our position as a profession despite the forces that wish to make dentistry a trade.

LEADERSHIP

I have demonstrated strong leadership skills not only in organized dentistry but also in operating a successful private dental practice for almost 42 years. In managing a team and supervising daily office operations, I have experience in providing guidance and support to staff, setting performance expectations, providing feedback, and addressing issues as they arise.
